

Child Restraint Program for Aboriginal Communities

Centre for Road Safety @ TfNSW
Co-ordinated by

Child Restraints to Aboriginal Communities across NSW

- The Centre for Road Safety is all about saving lives and developing practical solutions to reduce death and injury on NSW roads.
- TfNSW is running a program to distribute child restraints to Aboriginal Communities across NSW.
- The CTO has agreed to support and co-ordinate this program.
- Restraints will be distributed for use in Community Transport Aboriginal Vehicles.
- The Centre for Road Safety will fund this program and includes the provision of :
 - 3 child restraints [1 front facing, 1 rear facing, 1 booster seat] for each vehicle nominated.
 - 1 voucher per staff member to attend an accredited training course on how to fit child restraints in the vehicles and buses.
 - Fitting, training and reporting will be the responsibility of Mobility Engineering who have been engaged by TfNSW

Up to 6 months
Approved rear facing
child car seat

6 months to 4 yrs
Approved rear
or forward facing
child car seat
