Community Transport: Wollongong-Shellharbour provides affordable transport to community groups and individuals who are frail aged, younger people with a disability, carers, special needs groups or those who are transport disadvantaged living between Austinmer and Dunmore. The service includes individual and group transport.

Individual Transport can be provided by volunteers using their own comprehensively insured vehicle or a project vehicle for medical appointments, shopping, social excursions, library services and essential bill paying.

Group transport volunteer drivers are required to drive project mini buses for local community groups throughout Wollongong and Shellharbour areas.

Opportunities exist for volunteer support people as well, assisting service users on and off buses or whilst travelling.
